MM Docket No. 95-52

In the Matter of

Amendment of Section 73.202(b). RM-8604
Table of Allotments.
FM Broadcast Stations.
(Roann, Indiana)

NOTICE OF PROPOSED RULE MAKING

Adopted: April 19, 1995; Released: May 1, 1995

Comment Date: June 22, 1995
Reply Comment Date: July 7, 1995

By the Chief, Allocations Branch:

1. Before the Commission for consideration is a petition for rule making filed on behalf of Roann Broadcasting ("petitioner") requesting the allotment of FM Channel 270A to Roann, Indiana, as that community's first local aural transmission service. Petitioner advises that it, or an entity of which it is a part of, will apply for Channel 270A if it is allotted to Roann.

2. A staff review of the proposal reveals that Channel 270A can be allotted to Roann consistent with the minimum distance separation requirements of Section 73.207(b)(1) and (2) of the Commission's Rules, provided the transmitter is located at least 1.1 kilometers (0.7 miles) north of the community at coordinates 40-55-18 and 85-55-30.¹ Additionally, as Roann is located within 320 kilometers (199 miles) of the Canadian border, the Commission must obtain the concurrence of that Government in the proposal.

3. In view of an interest having been expressed in providing a first local aural transmission service to Roann, Indiana, we will propose to allot Channel 270A to that community. Accordingly, we will seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Roann, Indiana, as follows:

City	Present	Channel No.	Proposed
Roann, Indiana	--		270A

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before June 22, 1995, and reply comments on or before July 7, 1995, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner's counsel, as follows:

Matthew H. McCormick, Esq.
Reddy, Begley, Martin & McCormick
1001 - 22nd Street, N.W.
Suite 350
Washington, D.C. 20037

6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. *See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), and 73.606(b) of the Commission's Rules*, 46 FR 11549, February 9, 1981.

7. For further information concerning this proceeding, contact Nancy Joyner, Mass Media Bureau, (202) 418-2180. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.

¹ Petitioner proposes a transmitter site 2.3 kilometers (1.4 miles) northeast of the community at coordinates 40-55-54 and 85-54-58. However, in determining compliance with Section 73.207(b) of the Commission's Rules, if a new allotment proposal that is subject to competing applications requires a site

restriction, the Commission will endeavor to impose the least restrictive site possible. *See Fort Myers, Florida*, 3 FCC Rcd 2671 (1988). It is not until the application stage that the actual availability of a particular site is demonstrated. *See West Palm Beach, Florida*, 3 FCC Rcd 5810 (1988).
